
LETTER TO THE EDITOR

Dear Dr. Glancy:

I read your Editorial about the end of CME credit offered in your journal. I am sad to see that opportunity for Louisiana physicians is about to end.

For the past year or so I have been using the CME opportunities for *JAMA*, and I find it interesting, informative, and easy to acquire Class 1 CME credits. For those of your subscribers and physicians in Louisiana who are members of the AMA and subscribers to *JAMA*, I highly recommend this avenue for CME credit. I have learned a lot and received many hours of CME credit using this method. I hope my letter will be useful to your readers.

Sincerely,

Jack P. Strong, MD
Boyd Professor and Head
Department of Pathology
LSU Health Sciences Center,
New Orleans

This Letter to the Editor is in response to the following Editorial:

Glancy DL. The end of CME credit offered in the *Journal*. *J La State Med Soc* 2009;161:123.
